Villa Operations

Making your stay comfortable

Air Conditioning & Climate

To keep your room cool and comfortable, we recommend setting the AC to **24°C**.

Eco-tip: Please keep all doors and windows closed while the AC is running. This keeps the room cool and keeps local insects outside.

Conservation: To help us protect our beautiful island environment, please turn off the AC and lights whenever you leave the villa.

Water & Refreshments

Drinking water: For your health and safety, we do not recommend drinking the tap water. While we enjoy it locally, your system may not be accustomed to the local mineral balance.

Supermarket: Large bottles of mineral water are available at the local supermarkets in town (approximately 0.4 km away).

Family shop: Mineral water is also available at our family shop, just 50 metres from the villa entrance.

Delivery: If you prefer not to carry heavy bottles, we are happy to arrange delivery directly to the villa. Just let us know.

Hot water: Your shower has a dedicated heater. Turn the wall switch **ON** a few minutes before use.

Linen & Laundry Care

Washing machine: A complimentary washing machine is available so you can keep your travel wardrobe fresh.

Drying: Use the cloth rack on the terrace to air-dry clothes in the warm Hikkaduwa breeze.

Fresh linens: For longer stays, we provide a complete set of fresh bed linens and towels every 5 days.

Self-service: To respect your privacy, these sets are for you to change at your convenience. You may also refresh linens using the villa facilities whenever you like.

Waste & Recycling

In the kitchen you will find two separate bins:

- **Bin 1** - plastics, polythene, and dry packaging
- **Bin 2** - organic waste (food scraps and biodegradable items)

Collection: Once a bag is full, tie it securely and place it near the Back Gate. We will arrange collection with the local authorities.

Security & Access

Front gate: Your primary entrance, accessible 24/7. Use the key for the smaller side gate to come and go at any time.

Back gate: A shortcut to town. For security, it is locked at 10:00 PM.

Late arrivals: If you plan to return late via the back road, please tell us in advance so we can keep your path clear and safe.

Room safe: Please keep your passport, jewellery, and cash in the provided room safe.
